EDUCATION

University of Washington, Bothell, WA.
Bachelor of Computer Science

Expected June 2028
GPA: 3.4

PROJECTS

Cultural Website

June 2025 – Present

Next.js, React, Tailwind CSS, Supabase, Vercel

mongolianculturalcenter.na.org

- Developed a full-stack site for a 501(c)(3) cultural nonprofit using **Next.js, React, and Supabase** on Vercel, drawing **400+ visitors** and **2,000 page views**
- Designed a **responsive UI** with **Tailwind CSS** that works across devices with **near-instant page loads**
- Built an **admin dashboard** so staff can publish events and programs without code changes, replacing manual Facebook posts

WORK EXPERIENCE

University of Washington – Intramural Staff

Bothell, WA | January **2026 – Present**

- Officiate **all campus intramural sports**, including **3 leagues** (soccer, basketball, flag football), ensuring fair play
- Help run **36 pop-up events, 7 leagues, and 3 tournaments** serving **730 unique participants** and **2,279 check-ins** (2025–26)
- Collaborate with staff and the marketing team on reels and posts driving **~32,000 monthly Instagram page visits**

Pinecone Solutions – Intern

Bellevue, WA | June – **August 2022**

- Developed features for a mobile app mapping commercial and residential addresses in Mongolia using **React, Java, and CSS**, with **1,000+ addresses** uploaded
- Implemented login and user authentication with **Firebase**, supporting **5 admin accounts**
- Built image-upload functionality with **React Dropzone**, handling **100 image uploads per day** to the application’s database

Pinecone Academy – Assistant Teacher

Bellevue, WA | January – **May 2022**

- Taught **HTML and CSS** fundamentals to **8 students** ages 13–18, who completed **20+ projects** ranging from front-end builds to full-stack applications and video games
- Gave one-on-one CSS guidance and taught students to **find answers independently** by researching solutions online

LEADERSHIP EXPERIENCE

Mongolian Cultural Center in NA – Co-Founder

Bothell, WA | May **2024 – Present**

- Co-founded a **501(c)(3) nonprofit** preserving Mongolian culture, building **~30 active** student and parent members
- Organized **tech campus tours** of Amazon, Microsoft, Expedia, Meta, Boeing, and Blue Origin (**88 participants** at Amazon), managing communications and documentation
- Hosted **10+ college workshops** with **300+ total attendees** and **8 summer camps**
- Initiated the **Mongolian Identity – Mongolian Talent** program, where **12 high schoolers** currently explore and present Mongolian culture
- Built the organization’s **website**, publishing **6 programs** and **22 events** and replacing Facebook-only posting

University of Washington Clubs – Founder & President

Bothell, WA | June **2024 – Present**

- Founded a student-led fashion and culture club fostering creativity, self-expression, and community, growing to **50 members**
- Established the constitution, organizational structure, officer roles, and operating policies, leading a **9-member board** and earning **recognition as a campus student club**
- Planned and hosted **8 workshops, fashion showcases, and community events** with **300+ total attendees**, collaborating with Stitched and the UW Seattle Mongolian Student Association
